ABOUT ME

I am passionate about all forms of technology, both hardware and software. I have a strong desire to see my peers succeed and to improve myself through identifying weaknesses and turning them into strengths. I strive to find beauty and meaning in everything I do. *This* is where passion finds its roots!

WORK EXPERIENCE

2020–Present — **LAB ASSISTANT**

George Fox University

Working as a lab assistant in the Computer Science lab. Duties included helping students understand concepts from introduction to high level courses and assisting professors with events.
